

**A friendly  
voice is just a  
phone call  
away**

We have recently launched a new phone call service which connects people with a friendly volunteer to chat with. Whether you live alone or are simply looking to build a new connection at this tough time, we are here for you.

**To receive regular phone calls from one of our  
volunteers contact us on 0114 2900 294.**

# Spark some creativity with Ignite Imaginations!

Ignite Imaginations are a wonderful arts charity based in Sheffield. They celebrate and connect communities through art and creativity and we're really proud that they're one of our brilliant delivery partner organisations. The team are working in all sorts of ways to continue to inspire creativity across our city, including with their very own activity packs.

If you would like to receive a free arts activity pack please phone the team on **0114 268 6813**.
